The terms and conditions in the following notes indicated with a serial number from 1 through 25 shall apply to originating goods imported from Japan specified with that number in the Column 5 of the Schedule. The originating goods imported from Japan specified with the letter "R" indicated in the Column 5 of the Schedule mean the goods with regard to which after the third year, the Parties shall enter into consultation in accordance with subparagraph 3(a)(i) of Article 5.

On the request of either Party, the Parties shall consult on the facilitation of trade in fish and fishery products classified under Chapter 3 or 16 of the Harmonized System. The Parties may invite, by mutual consent, representatives from the private sector to the consultations.

- 1. Mexico shall apply a tariff rate quota, in accordance with the following:

The in-quota rate of Customs Duties for that period shall be lower than the most-favored-nation applied rate of Customs Duty in effect as of January 1, 2003 by at least 10 percent of that most-favored-nation applied rate.
  - (c) For the purposes of subparagraphs (a) and (b) above, the tariff rate quota shall be implemented through a certificate of tariff rate quota issued by the importing Party. In the absence of agreement between the Parties and until such an agreement is reached as a result of the consultation, the aggregate quota quantity and in-quota rate for the fifth year shall be applied.
